

BETHESDA CEMETERY

Bethesda is between Selmer and Old Purdy. Was first called Old Jopling Cemetery, the name changed after Bethesda Church was built there. The Church grew out of a brush arbor in the spring of 1893 at a little place called Cedar Grove about a mile from where the church now stands. In the fall, they organized a church and named it Bethesda and built a small church at the intersection of two roads. In 1915, they secured more land which included the old Jopling Graveyard. Jopling was started as a family graveyard, the first known person buried there was baby Mary Jopling in 1845.

Directions: In Selmer, just south of the railroad is a street called N Railroad, turn east here. (If you are going south it is immediately after the railroad, turn left - if you are going north it is just before the railroad, turn right.). Follow this road around a sharp curve and go about ½ mile. Turn left on Bethesda Purdy Rd. It is about 3 miles and you will see the old Church and cemetery. A few years ago, vandals pulled the John Jopling headstone across the woods and left it there. The family had a new one erected. About 1998 someone called and told me the original Jopling monument was in the woods behind Twin Springs. The church was blown away in a tornado in 2010, and new church was built in 2011. From Cemeteries of McNairy County, compiled by Nancy Wardlow Kennedy.

Thanks to Helah Wilson & Janice Switcher for contributing this cemetery.

Surveyed 10-31-2004

Please allow for errors. Some old tombstones are hard to read and typo's are sometimes made.

*** Means double stone**
